**GENERAL NOTES: Texas, FY 2004**

	<b>General Notes for URS 2004</b>
Note 1:	Asian ethnic group includes Hawaiian and Pacific Islander.
Note 2:	Consumers with race not included in federal categories (approximately 4,000 consumers) have been reported as "Race Not Available", comprising approximately 65% of that category.
Note 3:	Clients receiving only substance abuse treatment were excluded from measures.
Note 4:	NortSTAR, Texas' Medicaid managed care program, serves approximately 20% of the consumers in the community. NorthSTAR understates the number served due to the lag in claim reporting, i.e. consumers served late in the year may not be represented yet.
Note 5:	Texas changed assessment instruments in the 4th quarter of 2004 to be more consistent with the requirements of the Uniform Reporting System tables. This change will lead to more accuracy in future years but has increased the incident of Unknown values.
